I agree Neville Jones, the illegitimate activities of councillors; i.e. FAIR councillors (including Cllr. Makepeace) AND Labour councillors; holding separate meetings every month (which exclude the community), immediately prior to the Town Council meetings to decide how the separate parties are going to vote as a council; together with the removal of Any Other Business from Ferryhill Town Council's Agenda, means that there is no longer even an illusion of democracy within our town council. In reality this makes open discussion in Chamber rare and public participation almost impossible, which not only discourages our community from engaging with local politics but also disenfranchises the electorate. Of course, it would also help if all councillors were prepared for meetings and read the reports from the Town Clerk before the meetings... Still, I'm fairly hopeful that this will come back to haunt the councillors who have allowed this to happen and enabled this to continue, thank goodness the elections are next year! Perhaps Cllr. Makepeace should acquaint himself with the Nolan Principles: <http://www.cpalc.org.uk/parish-councillor-job-description>
